

Alpski botanični vrt Juliana je dislocirana enota Prirodoslovnega muzeja Slovenije, kjer si lahko ogledate živo zbirko rastlin, značilnih za Slovenijo, predvsem njen alpski in kraški svet.

The Juliana Alpine Botanical Garden is a non-residential unit of the Slovenian Museum of Natural History, where you can observe a living collection of plants typical of Slovenia, particularly its alpine and karst world.

Kje smo?

Juliana leži v Trenti, v bližini zaselka Pri Cerkvi, nad cesto, ki povezuje Kranjsko Goro in Bovec.

Where are we?

Juliana is situated in Trenta close to the hamlet of Pri Cerkvi, above the road linking Kranjska Gora and Bovec.

Za vrt skrbi in dogodke v njem organizira

Prirodoslovni muzej Slovenije.
